200 AMP STICK WELDER WITH ANTI-STICK 220V

PROCESS: STICK

DIMENSIONS (L x H x W): 14.75in x 13in x 6.5in

INPUT: 220V 1Phase, 50/60Hz

DUTY CYCLE STICK: 60%@200A, 100%@150A

ANTI-STICK WEIGHT: 17.41 lbs., unit only PROTECTION CLASS: IP21S

INVERTER

INSULATION GRADE: F

## Introduction

The LONGEVITY STICKWELD® 200 is an excellent portable, yet powerful stick welder that is capable of welding 6010 cellulose electrodes for deeper penetrating rods. This light weight inverter technology stick welder weighs in at 17.41 LBS and ranges in amperage from 30-200 Amps. The StickWeld® 200 comes with a shoulder strap, stick holder, and ground clamp.

## A. Efficient Inverter Technology

With inverter technology, LONGEVITY has once again revolutionized the industry by producing a portable, yet powerful machine that can be operated with a generator, perfect for the ON-THE-GO welding. Inverter technology emphasizes portability, yet the efficiency and reliability of the Soft Switching components allows for the ultimate welding experience.

## B. Easy Set Adjustments

The STICKWELD® 200 is very user friendly! All the adjustments are grouped and coded together which allows for easy on-the-fly adjustments. This system allows the user to see the settings quickly and make necessary adjustments easily, allowing the welder to more efficient in the workspace.

## C. Quick Cable Attachments

LONGEVITY by using DINSE connectors gives the users total versatility due to it being compatible with most aftermarket torches.

The Power to Last!

1 YEAR WARRANTY

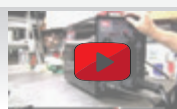

## D. 6010 and 6011 Cellulose Electrodes

With the STICKWELD® 200, you are able to weld 6010 cellulose electrodes that are considered hard to penetrate and cannot be done with an average stick welder. The 6010 electrodes are proven to be the Toughest to burn and require a good power source for penetration. With the power and surge of the STICKWELD® 200, you will be able to maximize penetration while using 6010 and 6011 rods.

## E. Digital Meter Display

The STICKWELD® 200 features digital meters displaying your amperage to allow customers to adjust the unit to any amperage quickly, accurately, and easily.

## F. Ultra Portable

Weighing in at 17.4lbs, the STICKWELD® 200 is a feather-weight in the welding industry allowing you to weld pretty much anywhere. The handle is very convenient when you are up on ladders, in small places or welding on the move.

## G. Stick Holder and Stick Electrodes

The LONGEVITY STICKWELD® 200 features an industrial stick holder rated at 200 amps. Equipped with a strong spring for clamping the electrode rods perfectly every time and capable of hold rods up to 3/8" thick and will weld with your most common electrodes.

### INCLUDED:

200 Amp Stinger

Ground Cable

Chipping Hammer and Steel Brush

Welding Mask

### Optional Equipment:

#### Welding Cart

#### Consumables

Stick Electrodes

#### Auto-Dark Helmet

PowerView Elite
