

Product Benefits

- Single-point access
- Reduces excavation
- Reduces labor time
- Reduced operator effort
- Easier to control while cutting
- Improved operator safety

NEVER CUT PIPE THE SAME WAY AGAIN

PowerGrit® Utility Saw Chain is a revolutionary new cutting product designed to change the way the job gets done. From ductile iron to plastic pipe, PowerGrit will get you in and out of the job faster, easier and safer than other methods. Utilizing a brazed layer diamond coating on a patent pending chain design, coupled with an extremely durable chain platform, PowerGrit technology provides dramatically improved access to the cut with far less excavation. Single-side access reduces excavation time, operator effort and total time to complete the job.

Materials

- Ductile Iron Pipe
- Cast Iron Pipe
- PVC Pipe
- HDPE Pipe
- Insituform Pipe Lining

Underground Pipe Cutting - Change the Way the Job Gets Done!

PowerGrit technology allows access to the entire cut from one position, which not only reduces the amount of excavation required, but also dramatically reduces the difficulty of doing this type of job.

PowerGrit Saw Platforms

880F4 Hydraulic Saw, 15", 20" & 25" Chains and Bars

695F4 Gas Saw, 16" Chains and Bars

880F4 Pipe Clamp Accessory

In addition to the time saving value of PowerGrit technology, the pipe clamp accessory developed for the underground pipe application brings a whole new level of safety, accuracy and ease of use to the job. With a simple adaptor, you can mount to this clamp and dramatically reduce the effort of handling the saw, while providing a solid, stable cutting platform that also improves operator safety and the precision of the cut.
